

Meeting minutes 10/16/14

Questions:

◦ How do you think we should go about
Concept Generation & selection for

Linear Actuator
Wave generator
and

GUI

since they all require assembly
and coding?

Ideas:

1. proposed Languages?

IN Meeting:

Layout functions
Needed for the GUI

ASK Oscar what he wants for data storage over
time? Statistics?
Mean?

fluctuations in the wave motion over time
Simple or advanced?
Average?

LOOK at Research papers for ideas for the model of
research Oscar would want
Validate predictions of the paper.
